CASE STUDY

About Children's Flight of Hope

Children's Flight of Hope (CFOH) offers hope and healing to families by providing air transportation to children in need of specialized medical care. They are committed to helping families through the duration of their child's treatment.

Opportunity for CFOH

CFOH holds an annual beer event in Downtown Raleigh. They invite 24 breweries and have thousands of event attendees sample the beers. This event raises money for the CFOH charity, and is their main donation event of the year.

HBT Digital's Solution

HBT Digital used Facebook and Instagram ads to promote the charity, event, and the breweries. The company used special photos and videos to drive awareness and conversions (ticket sales) for the event. It was a smashing success!

Digital Marketing Outcome

HBT Digital is, hands down, the most effective, creative, reasonable, and collaborative marketing company I have worked with. RJ and his team go the extra mile to build quality content that helps us meet our goals to bring in new funds to support our mission of helping children in need. -Haley T., Children's Flight of Hope
